

Acme Caps with Flange

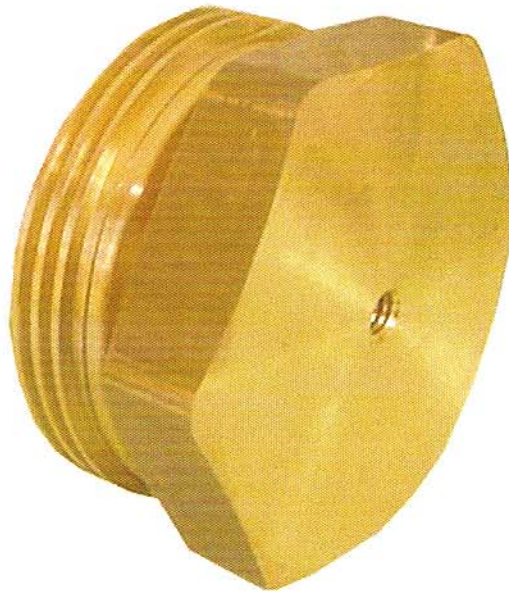

The flange allows for easy operation of the pneumatic safety switch which controls the opening and closing of transport vehicle internal valves.

Features:

- * An 8" diameter stainless steel, flush mounted flange attached to a 3-1/4" Acme Cap
- * 3-1/4" Acme Caps available in brass or powder coated steel
- * Plug available in brass and zinc plated steel in two styles - tapped hole or knob
- * Optional chain
