Mr. Frederic Celler
P. O. Box 413
Cortland, New York

Dear Mr. Celler:

Mr. Romney has asked the writer to answer your recent letter advising of your desire to establish an informal organization composed of Nash-Healey owners. Speaking for American Motors, I wish to say that we are most happy to learn of your enthusiasm for this beautiful car and of your plans for a club. Speaking for myself, as a fellow Nash-Healey owner, I would like to become a member of the club and offer my assistance as a private individual.

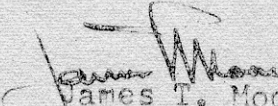

The handling of product information both inside and outside the corporation is one of the primary functions of our department. In this regard, Mr. Chakmakian has the responsibility for handling such matters. Therefore, your request that we designate someone within the company to handle questions pertaining to the Nash-Healey can be answered by advising that such a person, Mr. Chakmakian, has already been so designated. He is extremely capable of handling technical and practical inquiries and will be most cooperative - in addition, he is probably as much of a Nash-Healey enthusiast as yourself.

Most of the questions asked in your bulletin have been answered by Mr. Chakmakian in his attached notes. We have kept a file of Nash-Healey owners who have contacted the company and a list of their names is attached.

I am also sending copies of an S.A.E. paper on the Nash-Healey which we prepared several years ago. In addition, you will find copies of field letters covering Le Mans events in which the Nash-Healey participated. This material may be of historical interest.

In closing I wish to assure you that the full cooperation of American Motors will be extended to you and your fellow owners. Inasmuch as the Nash-Healey sports car is no longer actively merchandised, we are not in position to offer the kind of support that might otherwise be forthcoming. However, we do retain a continuing interest in Nash-Healey owners and will do all we can to provide information as to the car and the availability of parts.

Very truly yours,

James T. Moore
Product Manager - Sales
