Mr. Pinin Farina
Carrozzeria Pinin Farina
Torino, Italy

Dear Mr. Farina:

Attached are some bulletins which will inform you that a group of Nash Healey owners cherish the marque, most of which carry your superb coachwork. A number have expressed a desire to learn how you created and executed the carosseries we are riding in.

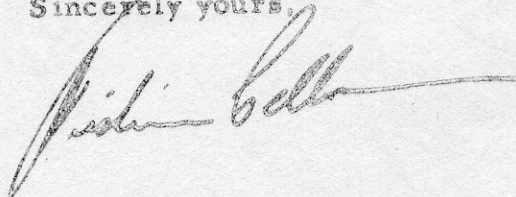

In addition, there are two specific questions which arise -

First, can the removable side windows be made more rigid when in place - if so, do you have the necessary available members to do this?

Second, which body shops do you recommend in the United States to do complete rejuvenation of one of these bodies?

On behalf of all of the owners, may I thank you in advance for your reply.

Sincerely yours,

FAC/mtl
